

Getting Letters of Recommendation to AMCAS

- 1** Applicant enters Letter Author's contact information into his/her application.
- 2** AMCAS creates a Letter Request Form that includes a Letter ID and instructions for the Letter Author to upload their letter.

- 3** Applicant downloads the Request Form and emails it to the Letter Author.
- 4** Letter Author creates an account in AMCAS' Letter Writer Application and uploads the letter.

- 5** AMCAS distributes letters to all medical schools designated to receive that letter.

Repeat for each Letter.

*** Please note:** *UC Davis does not have a Committee Letter system. Designate all of your letters as Individual Letters.*
