UC Davis Health Professions Advising office & Minority Association of Pre-Medical Students (MAPS) presents

Virtual Health Professions Road Trip
March 21st - 24th 2022
Welcome to our Spring Break Virtual Road Trip! We are excited to host another year and to include additional health professions.

Events are free and open to all. An admissions representative should be available at each session to answer questions. We highly encourage everyone to **explore new schools and connect with representatives**, particularly upcoming applicants.

Access our “Maximizing Virtual Info Sessions” article for advice on factors when considering schools, asking good questions, and more. [https://hpa.ucdavis.edu/blog/maximizing-virtual-info-sessions-5-steps](https://hpa.ucdavis.edu/blog/maximizing-virtual-info-sessions-5-steps)

**Please note you will need to be logged into Zoom to join us and Zoom links are only sent to registered attendees.**

We encourage everyone to:
- Have their cameras on
- Ask and answer questions in the chat
- Unmute when appropriate

Zoom links and descriptions are available for each session. Attendance is not mandatory, **join when you can**. Samuel Merritt University Nursing and PA Program will be added to the schedule soon.

Alabama
College of Osteopathic Medicine
Monday, 8:10 - 9 am

Join Asst. Director of Admissions Meghan Woodham to learn more about ACOM. “Begin your journey at ACOM where we believe in inspiring medicine through human touch. With over 20 student organizations, state-of-the-art facilities and a unique partnership with one of the nation's top-rated health systems, Southeast Health, at ACOM we empower our students to succeed.”

University of New England College of Osteopathic Medicine
Monday, 9:10 - 10 am

“UNECOM is nationally recognized for leadership in primary care, rural medicine, geriatric healthcare, and osteopathic medicine. On the southern coast of Maine, UNE’s College of Osteopathic Medicine (COM) campus is a close-knit community with convenient access to urban opportunities that includes state-of-the-art facilities for medical research, anatomical study, manual medicine, and the development of foundational clinical skills.”

Interactive Session
University of Iowa Carver College of Medicine
Monday, 10:10 - 11 am

Carver College of Medicine students will take you through a case based learning session, where you will experience what it’s like to learn like a medical student. No prior knowledge is necessary, just bring an open mind and be willing to take some risks in your learning! Admissions staff will also be available to answer any application questions.

Rocky Vista University College of Osteopathic Medicine
Monday, 11:10 am - 12 pm

Join RVU to learn more about our programs, admissions requirements, and culture. We will cover the osteopathic philosophy, osteopathic manipulative treatment, special tracks offered at RVUCOM, and answer questions about medical school admissions and guidelines for applying.
Interactive Session  
Rush University Medical College  
Monday, 12:10 - 1 pm

Prospective medical students at UC Davis are invited to a virtual information session to hear about the great opportunities available to you as a Rush Medical College student. Join Alyssa Cannataro, assistant director of admissions and recruitment, and current RMC students to learn about the Rush curriculum, clinical experiences, service opportunities, diversity & inclusion, career exploration, and more.

Creighton University  
School of Medicine  
Monday, 1:10 - 2 pm

Creighton University is a private, Catholic, Jesuit university founded in 1878 in Omaha, Nebraska. The university's School of Medicine opened in 1892, and is committed to educating physicians in the Catholic, Jesuit tradition of caring for the whole person – mind, body and spirit. The school has two campuses, one in Omaha, Nebraska and a regional campus in Phoenix, Arizona. The regional campus has transitioned from a clinical campus to a full four-year campus and will matriculate its first class in 2021. The School of Medicine is committed to preparing future doctors for the medical challenges and opportunities that lie ahead in patient care, teaching, research and service. Graduates of the Creighton University School of Medicine practice in all 50 states and are recognized nationally for their extraordinary clinical skills, communication, empathy, cultural competence and commitment to service.

Interactive Session  
Icahn School of Medicine  
at Mount Sinai  
Monday, 2:10 - 3 pm

Where is healthcare going and what emerging career opportunities are available? When people think about joining the healthcare workforce they most commonly think of taking the route of a clinician (doctor or nurse). However, with advancements in technology, research, and management the opportunities for an engaging and rewarding healthcare career are broader than ever. Come learn the strategies that healthcare organizations are pursuing and what it may mean for you in terms of careers opportunities and training.
Meet and greet with medical students! American University of the Caribbean School of Medicine (AUC) and Ross University School of Medicine (RUSM), bring a set of competitive medical programs to prospective students. With over 22,000 alumni between the two schools, both offer a strong network of alumni built on more than 40 years of success. Both AUC and RUSM offer a Doctor of Medicine (MD) degree program whose 2020-2021 graduates’ first-time residency attainment rates are comparable to U.S. MD graduates. You will get a chance to learn more about the MD programs, and hear from current AUC and RUSM students about their journey to medicine and what it’s like to be a medical student.

“Formed in 1912 as the Chicago Hospital-College of Medicine, Rosalind Franklin University of Medicine and Science is a national leader in interprofessional medical and healthcare education. The mission of Rosalind Franklin University is to serve the nation through the education of health professionals and the discovery of knowledge dedicated to improving the health of its people. Life in Discovery. Today, the University stands on the frontier of the new healthcare by educating the next generation of healthcare professionals, conducting leading-edge biomedical research, and serving the community in innovative ways.”

Admissions staff and current students (UCD alumni) from the Carle Illinois College of Medicine will briefly introduce you to the unique admissions process and then share what a typical day looks like for a student. You'll learn about what to expect from your Carle Illinois education as well as how to join us! We welcome questions and look forward to sharing more about our school with you.
Interactive Session
Arkansas College of Osteopathic Medicine
Tuesday, 8:10 - 9 am

“Join Admissions Coordinator, Lindsey Hargrave, and two UC Davis Alumnae and current ARCOM students for an informational session about everything ARCOM and ACHE Master of Science in Biomedicine. Learn more about the curriculum, admissions, and community while also getting an insight into day-to-day life of a medical student.”

Duke University cont.
Join Dr. Linton Yee, Dean of Admissions to learn more about Duke’s unique curriculum, diverse student body, and our holistic admissions process. We actively engage students, faculty & staff in the recruitment process to find unique people to join the DukeMed community. All questions welcomed.

Michigan State
College of Human Medicine
Tuesday, 11:10 am - 12 pm

“For their first and second years, students receive their medical education in either East Lansing, on the MSU campus, or in Grand Rapids, at the Secchia Center. After completing the Early Clinical Experience and Middle Clinical Experience, students join a community campus for their Late Clinical Experience, rotating at any of 9 primary teaching hospitals and 57 community hospitals statewide.”

Interactive Session
Oakland University William Beaumont School of Medicine
Tuesday, 9:10 - 10 am

“At OUWB, you are more.” Please join Trishia Cole, Admissions Coordinator, along with a current OUWB student and UC Davis alum to learn about our collaborative educational environment and commitment to serving our community.

Virginia Tech Carilion School of Medicine
Tuesday, 12:10 - 1 pm

Please join the Virginia Tech Carilion School of Medicine for a presentation about our medical school and our admissions process. “Through a unique public-private partnership between a cutting edge-research university and a major health care institution, the Virginia Tech Carilion School of Medicine educates physician thought leaders through inquiry, research, and discovery. The college has four value domains that drive our educational goals and objectives and are
Virginia Tech Carilion cont.
interwoven throughout the four-year curriculum: basic science, clinical science, research, and health systems science & interprofessional practice.”

Burrell College of Osteopathic Medicine
Tuesday, 1:10 - 2 pm

“Para la gente y el futuro: For the people and the future, the Burrell College of Osteopathic Medicine at New Mexico State University is dedicated to improving the health of the Southwestern United States and its border with Northern Mexico through culturally respectful undergraduate, graduate and continuing osteopathic medical education, research and its support of clinical service to the community. The College is focused on increasing diversity in the physician workforce and fostering a practice of lifelong learning, compassion, respect and excellence in its students.”

University of Missouri-Colombia School of Medicine (Mizzou Med)
Tuesday, 2:10 - 3 pm

Robin Clay from the University of Missouri-Columbia School of Medicine will present on their unique Patient-Based Learning curriculum, admissions and what can make you the most competitive medical school applicant!

UC Riverside cont.
a ‘mission-t’ applicant and program requirements that all applicants need when thinking about applying to the UCR SOM.

Interactive Session
Idaho College of Osteopathic Medicine
Tuesday, 4:10 - 5 pm

Join ICOM’s Admission Recruiter Ellie, and UC Davis Alum Student Doctor Kristie Nguyen (OMS II) for a virtual session to learn about ICOM and osteopathic medical school. They will talk with you about the institution, admissions, answer questions, and more!

Interactive Session
University of Michigan Medical School
Tuesday, 5:10 - 6 pm

Q&A with the University of Michigan Medical School! Join Director of Admissions Carol Teener and Sydney Lopez, a UC Davis Alum, for an engaging session that will cover tips for applying, what qualities we look for in applicants and what it is like to be a medical student at Michigan! “To transform health through bold and innovative education, discovery, and service.”

UC Riverside School of Medicine
Tuesday, 3:10 - 4 pm

We train a diverse workforce of physicians, so our presentation emulates our mission. We will talk about what it means to be
Medical Schools: Wednesday, March 23rd

UCLA School of Medicine
Wednesday, 8:10 - 9 am

“As the youngest top-10 medical school in the nation, we are a groundbreaking community of problem solvers, caregivers, innovators and life-long learners with a noble mission: to heal humankind by delivering leading-edge research, education, patient care and community engagement. The Heals curriculum is designed to evolve along with changes in science and medicine. New and emerging areas are continually integrated into the curriculum by our expert faculty.”

Interactive Session
Western University College of Osteopathic Medicine
Wednesday, 10:10 - 11 am

We will be providing a presentation on a case study walking through three different examples of actual applications and how to be competitive. This will be an interactive presentation where we will engage the audience, who will have the opportunity to play the role of the Admissions Committee in reviewing these application examples. In addition, we will discuss the various options and pathways into medicine.

Interactive Session
University of Rochester School of Medicine
Wednesday, 9:10 - 10 am

Join Dr. Christine Hay (Associate Dean of Admissions) to learn more about URSMD’s Double Helix curriculum, which gives you early clinical experiences, and our revolutionary biopsychosocial model, helping you develop into a doctor who sees not only disease, but the complete person. Dr. Hay will provide a brief presentation and will be joined by a current MD student to take questions.

Interactive Session
UT Health San Antonio MD/PhD Program
Wednesday, 11:10 am - 12 pm

Are you passionate about biomedical research? Do you also find yourself wanting to pursue medicine and provide clinical care? Find out more about a dual-degree pathway in this session on MD/PhD programs. We will look at a) the MD/PhD pathway, b) a current student’s experience, and c) how to be competitive for applications.

Interactive Session
Rowan University School of Osteopathic Medicine
Wednesday, 12:10 - 1 pm

Minority Association of Pre-Medical Students at UC Davis
Rowan University cont.
RowanSOM has been creating physicians for the state of New Jersey and the nation since 1978. During this virtual presentation you will learn about what makes RowanSOM a great option to pursue your dream of becoming a physician. You will have the opportunity to speak with current students, learn about what it takes to be a competitive applicant and much more!

Michigan State College of Osteopathic Medicine
Wednesday, 1:10 - 2 pm

Our presentation will address what makes a viable candidate, culture of MSUCOM, clinical rotations and residency match at MSUCOM

Interactive Session
Keck School of Medicine of USC
Wednesday, 2:10 - 3 pm

The Keck School of Medicine of USC invites you to join us for a virtual MD Admissions Presentation followed by a Q & A session with our admissions representative and current MD students. We will discuss our application and selection process, the competencies that we look for in applicants, student life at the Keck School of Medicine of USC, and more.

University of Maryland School of Medicine
Wednesday, 4:10 - 5 pm

The University of Maryland School of Medicine is dedicated to providing excellence in biomedical education, basic and clinical research, quality patient care and service to improve the health of the citizens of Maryland and beyond.

Trinity School of Medicine
Wednesday, 5:10 - 6 pm

Caribbean medical school. Really? Elise Froistad, regional director of admissions for Trinity School of Medicine, will take your questions and hopefully debunk the myths about international medical schools. You might need one. Learn how to choose well.
George Washington University School of Medicine
Thursday, 8:10 - 9 am

“The George Washington University School of Medicine and Health Sciences seeks to graduate “Physician Citizens” committed to local, national, and global public service through excellent patient care, leadership, advocacy for change and innovation, and scholarly inquiry. This goal will be achieved through a robust and flexible curriculum and by leveraging the School’s unique position as part of a major university located in the heart of the nation’s capital surrounded by major institutions and leading authorities in domestic and international health.”

UC Davis School of Medicine
Thursday, 10:10 - 11 am

“Our students are leaders who appreciate rigorous academic training balanced with hands-on experience and a strong desire to serve. Many of our faculty specialize in translational research, covering a wide range of areas, and are engaged in leading-edge, interdisciplinary collaborations within the UC Davis community and with other highly regarded institutions around the country.”

Medical College of Wisconsin
Thursday, 12:10 - 1 pm

“Together, we can build a healthier world. Academic medicine is at the core, where scientists, physicians and students work hand-in-hand with the community to ask the questions no one else is, and fuel the continuous cycle of knowledge that’s shaping the future of medicine.”

Kaiser Permanente Bernard J. Tyson School of Medicine
Thursday, 1:10 - 2 pm

Zoom Link: https://ucdavis.zoom.us/j/97791613415?pwd=SGNGdGl3Z0Z5SmtwbEZhTXp5MnlzQT09

“Kaiser Permanente Bernard J. Tyson School of Medicine invites you to learn more about our MD and MD/PhD programs, the application, and interview processes, and more. Our case-based, interactive, small-group approach lets you study biomedical, clinical, and health systems sciences across all four years. Plus, you won’t have to wait until your third year for hands-on experience: You’ll join a clinical care team almost as soon as you arrive.”

California Northstate University College of Medicine
Thursday, 2:10 - 3 pm

“We are committed to delivering an educational experience to ensure the student’s goal of becoming a confident and skillful physician. The curriculum at the College of Medicine is based on Clinical Presentations (CPs); symptoms or conditions that cause patients to seek the help of a physician. Examples include “sore throat”, “headache” or “chest pain”. At the College of Medicine, basic science, clinical knowledge, clinical reasoning, ethics training, hands-on learning of medical skills, and participation in patient care at our Sacramento-area affiliate hospitals and clinics will help our students become patient-centered, confident leaders in medicine.”
Medical Schools: Thu., March 24th (cont)

Interactive Session
Touro University CA
College of Osteopathic Medicine
Thursday, 3:10 - 4 pm

Come spend some time with Alesia Wagner, DO, FACOFP Distinguished, Associate Dean of Academic Affairs and Cahir of the Admissions Committee, to learn about “Being Osteopathic”, dispel some commonly believed myths and get a preview of some clinical course work that we believe sets TUCOM apart from the rest! (“At COM, we prepare students to become outstanding osteopathic physicians who uphold the values, philosophy and practice of osteopathic medicine. The program advances the profession and serves its students and society through innovative pre-doctoral and post-doctoral education, research, community service, and multidisciplinary and osteopathic clinical services.)

St. George’s University
School of Medicine
Thursday, 5:10 - 6 pm

“Hear from SGU admissions officers about academics, campus life, the admission process and scholarship opportunities. Learn about our world-renowned School of Medicine and our one-of-a-kind student support team.”

Public Health: Thursday, March 24th

UC Berkeley School of Public Health
Thursday, 9:10 - 10 am

Are you committed to addressing the health needs of your community? Learn about the ‘best kept secret’ in the health field – an area that encompasses science, culture, research, policy, advocacy, education, social media and much more – all with the overarching goal of helping people lead healthier lives! Learn about this field by engaging in a case-based scenario that will walk you through the multifaceted nature of Public Health. Come learn more about this amazing field and the programs we offer at the UC Berkeley School of Public Health.

Minority Association of Pre-Medical Students at UC Davis
Physician Assistant Programs

University of the Pacific, Physician Assistant Program
Monday, March 21st, 2:10 - 3 pm

Join the University of the Pacific’s admissions team to learn more about their master’s level Physician Assistant Program, based in Sacramento, CA.

George Fox Physician Assistant Program
Tuesday, March 22nd, 9:10 - 10 am

“Our aim is to develop well-informed, resilient and compassionate PAs who provide patient-centered and service-oriented care in diverse environments to transform healthcare for the benefit of individuals and their communities. Problem-Based Learning (PBL) is a teaching approach that centers on the process of developing knowledge rather than simply memorizing the right answer. It develops critical thinking skills in an active, rather than passive, learning environment.”

Interactive Session
Keck Graduate Institute
Master of Physician Assistant Studies Program
Tuesday, March 22nd, 11:10 am - 12 pm

This presentation from Keck Graduate Institute, a member of the Claremont Colleges, will introduce students to the developing MSPA program, highlight the unique elements of the curriculum, and allow attendees to interact with the MSPA faculty. The faculty members will discuss their PA journeys with real-life clinical cases and provide key insight into the preparation process for a pre-PA. Attendees will be provided an opportunity to ask the MSPA faculty questions and will walk away with a better understanding of both the KGI MSPA program and their future potential career as a PA.

Creighton University Physician Assistant Program
Wednesday, March 22nd, 11:10 am - 12 pm

“At the physician assistant (PA) program at Creighton University in Omaha, Nebraska, you’ll learn more than just the practice of medicine. You’ll experience an interprofessional, broad-based medical education in an environment of reflective learning that will transform you into an exemplary health care provider.”

UC Davis Betty Irene Moore School of Nursing - Physician Assistant Studies
Wednesday, March 22nd, 2:10 - 3 pm

“Our interprofessional P.A. program continues to prepare primary care providers for rural and underserved communities just as it did more than 35 years ago. The P.A. program features: Faculty who partner with you and invest in your success. Emphasis on leadership. Dedication to inclusiveness. High-tech simulation learning.”

Marshall B. Ketchum University School of Physician Assistant Studies
Thursday, March 22nd, 10:10 - 11 am

“Founded in 1904, MBKU is a private, non-profit institution with a legacy of clinical and academic excellence and a pioneering reputation in the emerging field of interprofessional education. Our School of PA Studies program was the first accredited PA program in Orange County and boasts one of the most desirable student-to-faculty ratios in the United States (8:1).
**Nursing Schools**

**UC Davis Betty Irene Moore School of Nursing Master’s Entry Program (MEPN)**
*Tuesday, March 22nd, 12:10 - 1 pm*

“The MEPN is led by the Nursing Science and Health-Care Leadership Graduate Group, an interprofessional team of more than 55 faculty from disciplines including nursing, medicine, health informatics, nutrition, biostatistics, pharmacy, sociology and public health. Guided by the school’s core values of leadership development, interprofessional and interdisciplinary education, transformative research, cultural inclusiveness and innovative technology, MEPN takes 18 months (six consecutive quarters including summers) to complete.”

**University of San Francisco School of Nursing**
*Wednesday, March 23rd, 3:10 - 4 pm*

In this presentation we will not only discuss admission to USF, we will also share insight on our ME-MSN graduates that are everywhere—on the frontlines of patient care, on the boards of leading health care and professional organizations and technology companies, and in government where health policy is crafted. We will also discuss how you, as a potential USF graduate nursing student, will be a part of an innovative and passionate nursing community known for changing the world.

**Veterinary Medicine Schools**

**Interactive Session**

**University of Minnesota College of Veterinary Medicine**
*Tuesday, March 22nd, 10:10 - 11 am*

The University of Minnesota College of Veterinary Medicine will make a traditional admissions presentation followed by a discussion with current DVM students. At least one of the students is very active in both OneHealth and interdisciplinary student health profession activities.

**Kansas State University College of Veterinary Medicine**
*Wednesday, March 23rd, 8:10 - 9 am*

“Join Callie Rost, DVM, the Assistant Dean for Admissions at KSU College of Veterinary Medicine featuring a presentation about the application process and “What’s so Great about K-State College of Veterinary Medicine?”. We can also discuss life as a veterinary student in Kansas and will save time for questions. If you would like to meet individually with the KSU CVM admissions office, please schedule a visit. Explore our campus through virtual tours!”

**UC Davis School of Veterinary Medicine**
*Thursday, March 24th, 4:10 - 5 pm*

Join UC Davis School of Vet Med Admissions and learn more about what it takes to form a complete application for admission. Topics will include admission requirements, candidate selection process, MMI review and admitted class statistics. Discover how you can turn your application into an admission offer.
**University of Detroit Mercy School of Dentistry**  
Wednesday, March 23rd, 10:10 - 11 am

With a patient-centered approach to education, Detroit Mercy is becoming a more popular choice for UC Davis students to apply. Learn from an admissions representative on their mission, curriculum, admissions process, and more.

**New York University College of Dentistry**  
Thursday, March 24th, 11:10 am - 12 pm

“The NYU College of Dentistry is the third oldest and the largest dental school in the United States, educating nearly 10 percent of our nation’s dentists. Since our founding in 1865, NYU Dentistry has been preparing the next generation of healthcare leaders, pioneering research in all areas of oral/dental medicine, advancing the latest treatments, and applying breakthrough methods of care, all while serving our diverse community of patients in New York City and around the world.”

**University of the Pacific Arthur A. Dugoni School of Dentistry**  
Thursday, March 24th, 12:10 - 1 pm

“As a leader, our programs prepare healthcare providers for current, future and evolving practice models. The Dugoni School integrates inter-professional education with patient care, keeping humanism at its core. Offering a year-round, accelerated three-year DDS program, The Dugoni School is nationally-renowned for its humanistic model of education that respects the dignity of each individual and fosters limitless potential for growth.

**Western University College of Dental Medicine**  
Thursday, March 24th, 2:10 - 3 pm

“Western University College of Dental Medicine will be a premier center for integrative educational innovation; basic and translational research; and high quality, patient-centered, interprofessional health care, all conducted in a setting that utilizes advanced technology and promotes individual dignity and potential for personal and professional growth.”
