PRIVATE EDUCATIONAL LOANS VS. FEDERAL LOANS

**Private**
- This program qualifies for private educational loans and in many cases, will allow for private loan deferment
- Private loans:
  - Provided by private lenders
  - Awarded based on loan application (a strong established credit score is needed), it is not based on need
  - A co-signer can significantly improve your chances of being approved
  - You may choose a fixed or variable rate. Rates may be higher than federal loans

**Federal**
- This program does **NOT** qualify for federal loans or federal loan deferment
- Federal loans:
  - Provided by the government
  - Based on need
  - Qualify through FAFSA
  - Very common for undergraduate degree seekers
PRIVATE EDUCATIONAL LOANS: PREFERRED LENDERS

We accept loans from other lenders too. Check with credit unions, your current banking institution and any other lender for options.
**LOAN PROCESS, AMOUNTS AND ADDITIONAL SOURCES**

- **Process:** Plan well in advance
  - You apply online
  - You may be approved/denied right away or they may ask for more information
  - If approved, your loan will come to us for school certification (if you are waiting for school certification for more than 1 week, let us know)
  - Your lender will then process the loan and send loan amount to us
  - We will pay your tuition and mail you a check for the remaining balance
    - For those in the 15-month program, you have some options here
    - The check will be mailed to the address you have in your student account at cpe.ucdavis.edu

- We recommend applying for a loan at least 6 weeks before tuition is due

- **Amount:** up to $51,000 per year or $10,000 per quarter to help with books and living expenses (these numbers are totals, not in addition to tuition). Example: if you take out a $10,000 loan for a quarter, $6,000 would be put towards tuition and you would receive the remaining $4,000 for living expenses.
